## Cancel Request

Please review the terms of auto-shipment cancellation before proceeding.

The It Works! Loyal Customer Program allows a customer to enjoy Loyal Customer pricing on all orders by making a three consecutive month minimum commitment to a monthly auto-shipment order.

The customer may cancel the auto-shipment program at any time after the three-month commitment has been fulfilled. The customer is still considered a member of the It Works! Loyal Customer Program and will receive Loyal Customer pricing on all future orders.

The auto-shipment will continue to run every month until the customer contacts It Works! to change or end their auto-shipment.

Loyal Customers who cancel their membership before the three-month commitment has been fulfilled will be charged a \$50 USD membership fee and this customer is still considered a member of the It Works! Loyal Customer Program and will receive Loyal Customer pricing on all future orders. Completion of this 3 month period waives the \$50 USD membership fee.
